

KidsHealth® Videos

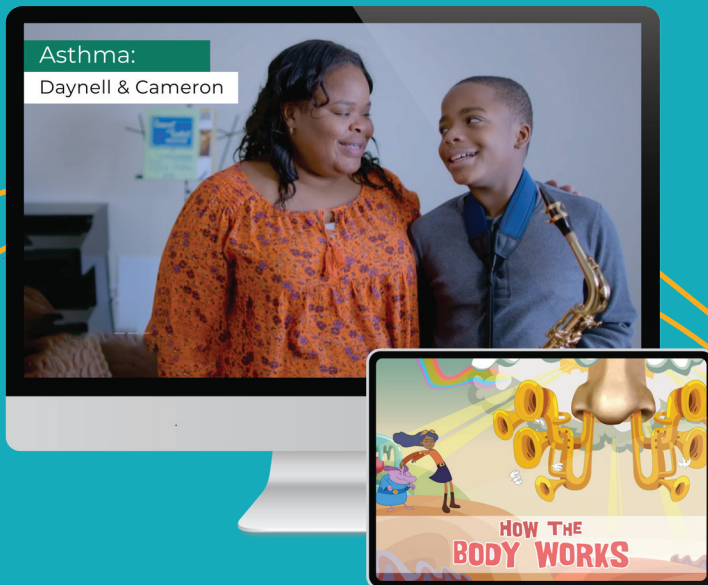

Provide Knowledge, Perspective, and Comfort to Families

Engage today's consumers with high-quality, robust production.

Teach condition basics in short, manageable stages of learning. (Videos average 3-5 minutes each.)

Demonstrate step-by-step techniques that can be viewed repeatedly.

Share personal stories to provide encouragement to families.

Topics Include:

- Asthma
- Cancer
- Cardiology
- Central Line
- Clinical Trials
- Diabetes
- G-Tube
- How the Body Works
- The ICU
- Medical Tests
- Medications
- NG-Tube
- The NICU
